maintenance of programmable controllers; software for cardiac vessel analysis, including heart vessel analysis, also with calculation functions with regard to blood vessels; software for medical patient-monitoring equipment; software for receiving, processing, transmitting and displaying data; software for developing customized programs for asset allocation; software for use on line enabling vendors of office equipment to place orders, to manage portfolios and communicate with the company; software for accessing mortgage and insurance information; software for collecting data concerning vital signs; software for analyzing electrical systems and electronic instruction manuals sold as a unit therewith; software for employees of financial institutions used for assessing customers' financial investments and processing the sale of the identified investments; software for obtaining information on the risk of flooding with regard to real property; software for developing graphic user interfaces and displaying data; software for calculating mortgage payments; software for controlling and managing vehicle fleet maintenance services; software for using and accessing commercial computer services; software used by clients to obtain information regarding lease portfolios; software for a radiology information system for radiologists and radiology departments; software for managing databases containing information on employees and patients for archiving purposes and patient monitoring; software installed on and used with PCs and medical monitoring equipment for graphic user interfaces; software for sending encrypted and compressed data to radio-paging (transport) systems; software for providing access to web sites so that buyers and sellers can carry out business transactions by electronic means; software for subterranean navigation, namely navigation of the assembly of a depth probe for oil drilling and drilling assemblies so as to route subterranean installations; electronic, nuclear, industrial and laboratory, testing, measuring, calculating and monitoring instruments and apparatus; electrical products, electricity production and distribution products and voltage surge protection products, namely lightning conductors, armored rods; switches for lighting; input/output controls and devices; fuses; controls for lighting; switch boxes; LEDs, namely light-emitting diodes; voltage regulators for electric power; voltage surge protectors; voltage surge limiters; voltmeters; electrical circuit boards; relays and timers; solenoids and limit switches; manual full-voltage starters; reduced-voltage starters; electric switches and disconnecting switches; splitters for circuit boards and pumping panels; circuit breakers and disconnecting switches; transformers; electric circuit and electric lighting boards; electric wires; cables; cords and conductors; electric wiring; lightning conductors; electricity meters; wattmeters; grounding resistances; humidity and temperature sensors; industrial calibration sensors, push buttons, engine and motor control centers and their electric controls and voltage regulators included in this class; computer programs and software for medical use, industrial use and for research; electrophoresis apparatus; chromatography columns and pumps; apparatus for particle or laser ray microfabrication; apparatus for bio-informatics systems; scintillation apparatus; imaging apparatus for radioactive and luminescent emissions; integrated synthesis and purification systems; oligonucleotide-producing apparatus; optical laser systems for digital imaging; glassware for laboratories; vials and micro-vials; microtiter plates; software for managing hospital operating rooms; software for intensive care information management; software for industrial operation control; software and manuals therefor sold as unit for factory management; graphic interface computer programs for controlling machines in industrial automation applications; software for creating graphic presentations and editing dynamic data interfaces for real-time graphic applications for industrial and commercial use; communication software for connecting computer network users; software for plastic injection molding; software for controlling, monitoring, simulating, communicating, recording and collecting data and for factory automation; software for integration of manufacturing machine operations, process control, supply of data for displaying, problem monitoring and production report generation; software packages for operating and programming grinders in the manufacturing industry; computer hardware for monitoring industrial processes, namely computer monitors; portable computers, Ethernet cards and cables; computer networking hardware, memory cards; microchips; microprocessors; computer network hubs, switches and routers, computer accessories, displaying devices and terminals; computer whiteboards; processors and system cards; call controllers, operator interfaces, reference interfaces and data collectors; applications for manufacture and control, namely

for statistical process control, data collection, direct digital control; document management systems; digital signal processing products and systems, namely, industrial automation controls and programmable logic controllers; adaptive control product in the form of an external controller for optimizing rough and semi-rough cutting performance of machine tools; wired and remote input/output electric equipment; input/output modules; interface modules; electricity supplies; assembly equipment; anti-theft and burglar alarm systems; logic programming computers for security systems; control panels for security systems; electronic burglar detectors; electronic glass-breakage detectors; electronic vibration detectors; magnetic contacts for security systems; electronic switch plates for security systems; electronic motion detectors for alarm systems; electronic motion-sensitive switches; fixed connection sirens for security systems; audio loudspeakers for security systems; electronic navigation systems for security systems; access control and alarm monitoring systems; fire, heat and smoke alarms and detectors; computer card access control systems; card readers, card encoders and encoded cards for card-operated access control systems; video cameras; video devices for object recognition; video devices for object tracking; video devices for reading license plates; video devices for checking alarms; video devices for facial recognition; video devices for vehicle recognition; video devices for traffic detection; video devices for access door control; video devices for burglar detection; processing hardware or software used for analyzing digital video images for automatically extracting, recording and reporting information automatically, and remote video monitoring systems for security and surveillance applications; central video monitors; video recorders; apparatus for shooting and filming; closed-circuit video systems; closed-circuit video systems consisting of one or several cameras and camera housings; wireless, short-range and radio-frequency transceivers; transceivers for electrical lines; communication monitoring equipment for operating closed-circuit cameras; communication monitoring equipment, namely numeric-pad controls, matrix switching devices, multiplexers, digital video recorders, integrated swinging panoramic zoom dome cameras, remote video controllers, receivers, electronic alarms, video transmission devices; personal digital assistants (PDAs) configured for use by real estate professionals; communication interfacing devices for personal digital assistants (PDAs); fiber-optic transmission systems, namely fiber-optic transmitters, receivers and transceivers for transmission of video signals, audio signals and data via optical fibers; electric switches; electromechanical locking devices; magnetic cards for locks, access control, presence control, alarms and security systems; portable electronic hardware for reception, control, storage, handling, display and transmission of data and for actuating electronic locks; electronic access cards and readers and encoders thereof; magnetic access cards and readers and encoders thereof; memory access cards and readers and encoders thereof; proximity cards; proximity card readers; proximity card encoders; electronic keys and readers and encoders thereof; barcode access cards and readers, encoders and laminators thereof; access keypads; radio-frequency tracking tags; tracking and control systems consisting of one or several radio-frequency beacons, detectors and transceivers for determining and checking the location and movements of tangible assets, stocks and individuals; infrared sensors; control boards; access card readers; video imaging equipment and systems; video surveillance equipment and systems; digital hard disk recording equipment and systems; network transmission equipment and systems; remote access equipment and systems; networked digital video storage servers; applications for surveillance and access control; applications for alarm and security monitoring; computer software and hardware for monitoring and operating access and security systems comprising locking systems, doors, access and identification devices and security cases in the form of boxes for securing keys; surveillance systems sold separately or as components or in the form of sets comprising one or several surveillance cameras, hidden cameras, closed-circuit television cameras, camera housings, camera stands, lenses, video monitors, video recorders, digital recorders, video recording media, video switches; surveillance systems sold separately or as components or in the form of sets comprising control panels, numerical pad controls, joysticks; surveillance systems sold separately or as components or in the form of sets comprising interface apparatus for alarms and access control equipment, transceivers, receivers, transmitters, signal processors, multiplexers, matrix switches, controls, control panel casings, switch housings,

transformers, switches, splitters, coaxial cables, connectors, motion detectors, microphones and loudspeakers; user interface software and control software for management of access, security and fire-extinguishing systems; electric locks; portable electronic communication and computer equipment for data reception, control, storage, handling, display and transmission for operating electronic locking devices; electronic key holders, readers and encoders; data processing computer software and hardware; electric power supplies, namely batteries, rectifiers/regulators of current/voltage and transformers; control panels, namely electronic apparatus designed for electronically monitoring a predefined activity and for activating an anti-theft alarm; loudspeakers for sirens and electronic siren controls, namely ringer tone generators and amplifiers for sirens; software for controlling communication equipment for operating and controlling closed-circuit cameras; switching devices integrating magnetically triggered blade switches for anti-theft alarm systems and fire alarm systems, integrated into industrial tracking apparatus, revolution counters, security lock systems for equipment cabinets, industrial position-monitoring apparatus, electric cables and pump and valve monitoring apparatus and home security alarm systems; electric and electronic checking apparatus for detecting the presence of certain substances on individuals, in luggage and freight; electric and electronic checking apparatus for detecting the presence of explosives and/or narcotics on individuals, in luggage and freight; apparatus for detecting the presence of explosives and other contraband; timers or sensitive apparatus for detecting changes in conditions for launching and monitoring regeneration or washing cycles for water treatment equipment; control valves for water treatment and filtering equipment; bioreactors for cell culture; portable analysis instruments, namely a probe with a recorder for data conversion equipped with microprocessors for measuring organic and inorganic products in water; filters and filter housings for laboratories; membrane filters for laboratories; silt density measuring devices; deionization devices for laboratories, filters and filter housings for laboratories; liquid separating apparatus for laboratories; membranes for laboratories; liquid flow control devices, namely pumps, valves, flowmeters and regulators for laboratories; ozone monitoring instruments; laboratory equipment, namely porous titration microplates for cellular biology and other applications in life sciences; electronic controls for treatment of industrial and commercial water supply systems; electronic controls for treatment of boiler water systems; electronic controls for treatment of water cooling systems; electronic controls for treatment of cooling water systems; electronic controls for treatment of closed water-supply systems; electronic controls for treatment of systems for paper and pulp treatment; electronic controls for fuel treatment systems; electronic controls for metal treatment systems for analyzing the chemistry of the system, determining the proper treatment program, applying the desired treatment and monitoring the effectiveness of the treatment; data management software in the field of paper, pulp and water treatment; electronic controls for data processing in the field of paper, pulp and water treatment; apparatus for industrial water-supply systems for measuring and checking pH and conductivity; apparatus for supplying an industrial, commercial or municipal water supply system with measured quantities of chemicals; electronic testing apparatus for water treatment; laboratory testing equipment, namely apparatus for testing deposit levels and corrosion speed; equipment and instruments for mobile laboratory equipped for measuring and monitoring pH, conductivity and concentration of chromate in domestic and industrial waters; equipment and instruments for mobile laboratory equipped for carrying out inorganic and microbiological water testing; electronic and electrochemical products, namely fuel cells; apparatus for converting photoelectric radiation to electrical energy, namely, photovoltaic solar modules, hybrid photovoltaic solar modules, electronic sensors for measuring solar radiation, photo-cells; apparatus for converting electronic radiation to electric energy, namely photovoltaic solar modules, systems and components and all related system components; printers, laser printers, ink-jet printers, multi-function and multi-purpose printers, parts of all the aforesaid goods; portable electronic devices for wireless reception and/or transmission of audio and video data with integrated memory; software for synchronization of data between a remote unit or station and a fixed unit or station, and software providing a one-way and/or two-way wireless connection to data; portable digital electronic apparatus and software related thereto; portable electronic devices for wireless data reception and/or transmission; software for re-

orientation of messages, electronic mail and/or other data from a personal computer or a server towards one or several portable electronic devices; computer software and programs for wireless device operation and management; telecommunication devices; software for accessing, searching, indexing and retrieving information and data from global computer networks and global communication networks, and for navigation on the aforesaid network websites; software for sending and receiving short messages and electronic mail and for filtering non-text information from data; portable electronic devices for voice, video, data and image communications; computer game software for mobile telephone receivers; electronic game software for mobile telephone receivers; software packages; batteries, dry cells and batteries, rechargeable batteries, battery chargers, storage batteries, solar cells and batteries, fuel cells; carbon electrodes for dry batteries; wiring apparatus; electric cables; electric ducts; floor ducts specially designed for housing electric cables; ballast (for discharge lamps); under carpet wiring systems; code lighting-switches; magnetic contactors and starter switches; circuit protectors; switching devices; electric connecting boxes; device switches; output jacks; plugs (electric); electric timers; other wiring devices; signaling apparatus and instruments, video intercoms, intercom systems, electric door chimes, intercoms, fire alarms, gas-leak alarms, anti-theft alarms, portable emergency intercoms; acoustic machines and apparatus; radios; tape recorders/players; radio cassette recorders; portable tape players; compact disc recorders/players; minidisc recorders/players; minidisc deck consoles; DVD (digital versatile disc) audio recorders/players; secured digital recorders/players; secured digital cards; loudspeakers; tuners; amplifiers; stereo component systems; disc readers; graphic equalizers; radio alarm clocks; integrated circuit recorders; digital audio processing devices; earphones; headphones; microphones; cassette recorders/players; software for compact discs (prerecorded); electric megaphones; language laboratories; audio systems for cars; public address systems; audio mixers; audio equipment cleaning equipment, namely magnetic head cleaning equipment; audio cables, video cables, other audio machines; audiovisual machines and apparatus; television sets; cathode ray tube display devices; cathode ray tubes; image pick-up tubes; plasma television sets; plasma displays; LCD (liquid crystal display) television sets; liquid crystal display monitors; television sets combined with video tape recorders; television sets combined with disc players; antennas; tuners for satellite broadcasting; television tuners; Internet terminals; video projectors; video cassette recorders; camcorders; video printers; laser disc players; video CD (compact disc) players; software for video CD (compact disc); video recorders/players for DVDs; color video systems for large-scale display; cable television systems; hard disk units; video imaging devices; electric optical display boards; multi-purpose electric display systems; closed-circuit video equipment systems; software for DVDs; television cameras; video switches; non-linear editing systems; editing controllers; DVD creation systems; light emitting diodes (LED) displays; optical disc machines and apparatus; optical disc units, optical disc recorders, optical disc players, optical disc changers, optical disc cartridges, optical disc recording systems; communication apparatus and machines; facsimile transceivers; transceivers; telephones; cellular mobile telephones; cases for cellular mobile telephones; telephone answering machines; private auto-switch systems; global positioning system receivers; radiotelephones; marine radars; radio paging receivers; mobile communication systems; multi-channel access radio systems; electric panels for traffic information; videoconferencing systems; private portable telephone systems; local network systems; AV codecs (coder-decoders); navigation systems for cars (road guidance systems); electronic systems for road toll collection; GPS (global positioning system) antennas; checking (supervision) apparatus and instruments; communication and surveillance systems for apartment buildings; intruder detection systems; automated systems for surveillance and control of functions within buildings; electric multi-layer security apparatus; checking (supervision) apparatus and instruments, communication and surveillance systems for apartment buildings, intruder detection systems, automated systems for surveillance and control of functions within buildings, electric multi-layer security apparatus; automatic control machines and instruments; electric distribution boards; road signal control apparatus; bus location systems; ultrasound vehicle detectors; information and telecommunication networks for road traffic management; light dimmers; light switches; inverters; programmable control systems; electrical enclosures; domestic electricity

production systems; power capacitors; data processing equipment; computers and computer peripherals; word processors; software (recorded); image scanners for personal computers; PC (personal computer) cards; computer keyboards; mouse (data processing equipment); CD-ROM (compact disc-read only memory) units; diskette units; card reading/writing systems; barcode readers; time recorders; portable data terminals; point-of-sale systems; data collection terminals; personal digital assistants (PDAs); DVD-RAM/ROM (digital versatile disc-random access memory / read only memory) units; CAD/CAM (computer-aided design/computer-aided manufacturing) systems; electronic calculators; uninterrupted power supplies for computers / communication / broadcasting; external storage devices; video cassettes; cleaning heads; D-VHS (video data home systems); other computer peripherals; videotapes; audio cassettes; diskettes; optical discs; mini-discs; DVDs (digital versatile discs); integrated circuit memory cards; weighing and measuring apparatus and instruments; thermoluminescent dosimetry systems; portable x-ray dosimeters; electronic meters; ammeters; electricity consumption meters; grip measuring devices; electric apparatus for measuring leakage; electric insulation meters; thermometers; measuring system processors; electric multi-circuit sector voltage monitors; micro-precision measuring devices; pacers; audio/video analyzers; oscilloscopes; modulators; distortion meters; sensors, light-sensitive sensors, thermometric sensors, position sensors, angular velocity sensors, rotation sensors, angle sensors, dew point sensors, other sensors; electrical components; light emitting diodes; liquid crystals; liquid crystal display modules; magnetrons; transistors; semi-conductor storage devices; one chip micro-computers; cartridges for electric condenser microphones; thermostats; integrated circuits; gray-scale image processors; thermal printing heads; magnetic heads; permanent magnets; relays; display components; semi-conductor lasers; charge coupling devices (CCD device); image detectors; film capacitors; over-oxygenation membrane units; electric tuner units; high-frequency units; coin validation units; note validation units; magnetic card reading/writing devices; voltage-controlled oscillators; phase-locking circuit synthesizing modules; wireless communication module units; optical transmission components; printed wiring boards; loudspeaker components; electricity supplies; AC (alternating current) adaptors; focusing magnets; inductors (coils); capacitors for electric apparatus; electric signal filters; deflection coils; thermistors; varistors; piezoelectric ceramic components; acoustic-optical components; resistances; potentiometers; printing units; hybrid integrated circuits; switching components; heat-welding wiring boards; transparent touch panels; electroluminescent components; remote control units; magnetic resistance elements; thermal disconnects; data processing equipment, in particular for financial applications; operating system programs; computer hardware and software, in particular for local and wide-range computer networks development, maintenance and use; systems for reading memory cards and systems for reading stored data including integrated circuit memories and bank card memories; automatic ticket dispensers; accounting machines; encoded cards, including magnetic cards and integrated circuit cards, in particular for financial applications; card readers, printing apparatus, including printing apparatus for data processing systems and financial transaction systems; machines for banking institutions; encoders and decoders; modems; encoded magnetic cards; electronic data carrier cards; encoded magnetic card readers; electronic data card readers; electronic encryption systems; computer hardware; computer terminals; software used in financial services, in the banking and telecommunication industries; electric and electronic products, namely calculating machines, pocket planners, alarms; bank cards, including printed bank cards and bank cards with magnetic memory and with integrated circuit memory; bank cards, credit cards, debit cards, including such cards equipped with integrated circuits and microprocessors; memory cards (smart cards); automated teller machines (ATMs); data processing equipment and computers including cards equipped with microprocessors and integrated circuits; computer hardware in the form of integrated circuit cards and card readers containing transponders and other proximity payment devices; mouse pads; machines and machine systems, including parts and accessories for transmission, distribution and control of electricity; induction devices; electrical displacement devices; electricity control and regulation devices; electricity measuring instruments; electrical protection devices; switchboards; switchboard apparatus; wiring devices; liquid control devices, namely, flowmeters, manostats, sequential timers,

patches for repairing vehicle tread; shock absorbers (for land vehicles); air springs for land vehicles; air springs for railway cars; suspension shock absorbers for vehicles; tires for off-the-road vehicles; tires for scrapers on wheels; tires for motor graders on wheels; tires for shovel loaders on wheels; tires for tire rollers on wheels; tires for wheeled cranes on wheels; tires for cranes on wheels; tires for snow plows on wheels; tires for pavers on wheels; tires for mining machinery on wheels; caterpillar tracks for vehicles, namely caterpillar tracks for agricultural machinery; caterpillar tracks for vehicles, namely caterpillar tracks for mining machinery; caterpillar tracks for vehicles, namely caterpillar tracks for construction and cargo handling machinery; rubber pads to be attached to shoe plates of metal crawlers; caterpillar tracks for vehicles, namely caterpillar tracks for snow removers.

13 Firearms; ammunition and projectiles; explosives; fireworks.

14 Coins, ingots and medals in precious metals or in their alloys, commemorative or not; jewelry, precious and semi-precious stones; pins; horological and chronometric instruments; key rings.

15 Musical instruments; electronic organs; electronic pianos; keyboards; synthesizers; percussion instruments (drums); sequencers; sound modules.

16 Paper, cardboard; printed matter, in particular stamps; newspapers, periodicals, books, photographs and posters; bookbinding material; stationery and office requisites, excluding furniture; adhesives for stationery or household purposes; artists' material and drawing material; paint brushes; instructional or teaching material; sheets, films and bags of plastic materials for wrapping and packaging; printing type, printing blocks; computer printouts; chequebooks, punched cards; newspapers and periodicals in the field of information technology; paper shredders for office use; electric office staplers; battery-powered letter openers; electric pencil sharpeners; electric perforators; electronic typewriters; ribbon cartridges for electronic typewriters; apparatus for printing cheques; thermal paper.

17 Rubber, gutta-percha, gum, asbestos, mica being unprocessed or semi-processed and substitutes of all these materials; semi-processed plastic materials and resins; packing, stopping and insulating materials; flexible pipes not of metal; silicone mastic for various uses, particularly for caulking of bathtubs, boats and automobiles; impervious and road covering material made of silicone, roofing coating made of silicone rubber; plastic compounds for glazing; plastic materials in the form of sheets, plates, blocks, all for manufacture; electric insulation materials, electric insulation devices, including insulating varnish, silicone rubber compounds; plastic materials in the form of sheets, rods or plates, modeling materials; soundproofing materials; thermal insulation materials; insulating materials; valves of rubber or vulcanized fiber; ; synthetic rubber; natural rubber; rubber compounds; rubber for retreading and repairing tires and repairing tubes; rubber material for recapping tires.

18 Leather and imitations of leather; vanity cases, not fitted; leather bags for mountain-climbing; leather rucksacks (backpacks); leather wallets and purses; briefcases of leather [leather goods]; leather attaché-cases; cases of leather; leather school bags; leather handbags; key cases of leather; leather straps; animal skins and hides; luggage and transport bags; umbrellas, parasols and walking sticks; whips, harness and saddlery; collars, leashes and clothing for animals.

19 Non-metallic building materials; non-metallic rigid pipes for building; asphalt, pitch and bitumen; transportable buildings not of metal; monuments not of metal; thermoplastic building and construction materials, namely thermoplastic molded and extruded materials used as substitutes for wood, metal or glass, for supporting or covering; doors (not of metal); rain gutters; ceiling panels; folding doors; wooden floors; roofing tiles; prefabricated houses; laminates; connecting tracks; building materials with soundproofing properties; non-metallic roofs, with solar cells; plastic panels for building and construction; building materials with thermal insulation properties; thermoplastic materials used as

Successful Examination Marks

building materials for insulation, covering (roofing) and glazing; water pipes made of PVC (polyvinyl chloride); antiseismic construction materials, not of metal; antiseismic rubber building materials; roofing membranes; bituminous roofing waterproof membranes; non-metal bridge construction materials, covered with rubber; antiseismic rubber insulating materials; quartz.

20 Furniture, mirrors, picture frames; containers, not of metal, for storage or transport; bone, horn, whalebone or mother-of-pearl, unprocessed or semi-processed; shells; meerschaum; yellow amber; ornaments of bone, ivory, plaster, plastic, wax or wood, other than Christmas tree ornaments; racks for microwave ovens; furniture for televisions; furniture for audio apparatus; closets for clothing; letter boxes; dressing tables; kitchen counter top working surfaces; gas cooker cabinets; kitchen cupboards; wall-mounted cupboards; steps (ladders), not of metal.

21 Household or kitchen utensils and containers; cookware and tableware, except forks, knives and spoons; combs and sponges; brushes, except paint brushes; brush-making materials; cleaning material; unworked or semi-worked glass, except building glass; glassware, porcelain and earthenware; implements for cleaning clothing, toothbrushes; electric toothbrushes; ultrasound cleaning apparatus for dentures; dental floss, holders for dental floss, toothpicks, holders for toothpicks; non-electric implements and materials included in this class, all for cleaning; parts and components of all the aforesaid goods included in this class; holders and dispensers for all the aforesaid goods, all included in this class; electric trouser presses; corkscrews, electric and non-electric; bottle openers, electric and non-electric; electric devices for attracting and killing insects; electric combs.

22 Ropes and string; nets; tents and tarpaulins; awnings of textile or synthetic materials; sails; bags for the transport and storage of materials in bulk; padding, cushioning and stuffing materials, except of paper, cardboard, rubber or plastics; raw fibrous textile materials and substitutes therefor.

23 Yarns and threads, for textile use.

24 Textiles and substitutes for textiles; household linen; curtains of textile or plastic.

25 Clothing, footwear, headgear.

26 Lace and embroidery, ribbons and braid; buttons, hooks and eyes, pins and needles; artificial flowers; hair decorations; false hair; electric hair curlers;

27 Carpets, rugs, mats and matting, linoleum and other materials for covering existing floors; Wall hangings not of textile.

28 Games, toys; video game apparatus; gymnastic and sporting articles; decorations for Christmas trees; playing cards; electric floats for fishing; apparatus for tying fishing lines to hooks; rubber balls; golf equipment, namely, trolleys for golf bags, golf clubs, golf bags, with or without wheels, golf gloves; sports bags shaped to contain specific sports apparatus; tennis rackets; tennis balls; tricycles for infants.

29 Meat, fish, poultry and game; meat extracts; preserved, frozen, dried and cooked fruits and vegetables; jellies, jams, compotes; eggs, milk and dairy products; edible oils and fats.

30 Coffee, tea, cocoa and artificial coffee; rice; tapioca and sago; flour and preparations made from cereals; bread, pastry and confectionery products; edible ices; sugar, honey, golden syrup; yeast, baking-powder; salt, mustard; vinegar, sauces (condiments); spices; ice for refreshment.

Successful Examination Marks

31 Raw and unprocessed agricultural, aquacultural, horticultural and forestry products; unprocessed and raw grains and seeds; fresh fruits and vegetables, fresh herbs; natural plants and flowers; bulbs, seedlings and seeds for planting; live animals; foodstuffs and beverages for animals; malt.

32 Beers; mineral and aerated waters and other non-alcoholic beverages; fruit beverages and fruit juices; syrups and other preparations for making beverages.

33 Alcoholic beverages (except beers).

34 Tobacco; smokers' articles; matches.

35 Advertising; dissemination of advertising matter via all media, in particular in the form of thematic messages centered on human values; advertising by sponsoring; online advertising and marketing services; business management; business administration; office functions; promoting the goods and services of others, by means of contractual agreements, in particular sponsoring and licensing agreements, enabling them to gain additional notoriety and/or enhanced image and/or a surge of sympathy derived from cultural and sporting events, in particular international events; promoting the goods and services of others by means of what is referred to as the initial interest factor leading the public to consider goods or services presented to the public bearing signs, emblems or messages able to capture its attention; promoting the goods and services of others by means of the so-called image transfer; rental of advertising space of all type and on all media, whether digital or not; business administration of the participation of national teams to an international athletic competition, and promoting the support to said teams with the public and the concerned circles; inventory management services; consultation relating to stock monitoring services; advertising by means of direct marketing for others consisting in marketing of databases; consultation for advertising by means of direct marketing for others consisting in marketing of databases; consultation services in connection with business reorganization; truck and automobile fleet management services, namely billing and consulting in connection with the administrative management of truck and automobile fleets; business administration consultancy services; administrative management of power plants of others; business consultation in connection with the management of power plants; commercial administration of contracts for repair and servicing; supply chain commercial management services; business consulting services relating to the purchase and supply of chemical services and products; commercial supply management of products; establishing product inventory; consulting, marketing, analysis of prices and costs concerning devices for electrochemical purification of liquids for industrial use; administrative, commercial and technical management of computer files; data input and processing services; department store retail services connected with the sale of beauty products, toiletries, machines for household use, hand tools, optical goods, domestic electrical and electronic equipment; information services concerning the sale of raw materials; commercial information services; commercial information agency services; photocopier rental services; promoting the sale of goods and services of others by means of advertisements, promotional competitions, awarding of prizes and bonuses in the form of promotional lotteries, discounts, reduction tokens and value-added offers in connection with the use of payment cards; promoting sporting competitions and events for use by others; promoting concerts and cultural events for others, organization of exhibitions for commercial or advertising purposes; provision of documentation, namely direct mail advertising, distribution of advertising material, distribution of samples, reproduction of documents; advertising concerning the promotion of commercial sales of goods and services for retail sale purposes; provision of information in connection with e-commerce and electronic retail sale; provision of information concerning the purchase of goods and services on line via the Internet and other computer networks; advertising concerning transport, travel, hotels, accommodation, food and meals, sports, entertainment and sightseeing tours provided through tourist agencies; maintenance of computerized databases; digital file management comprising a portfolio of images and video sequences intended for use under license in traditional advertising and
